

The Plaintiff is advised that discovery requests should not be filed with the Court. Discovery materials should only be exchanged between the parties and only after the Court has

entered the PTOCMP.

[Doc. 10 (emphasis added)].

There is still no PTOCMP entered in this case because Defendant has not answered or otherwise responded to Plaintiff's Complaint. Defendant's answer is not due until April 20, 2020. [Doc. 16]. Plaintiff's motion for documents is again improper and will be denied. The Plaintiff is strongly cautioned to carefully review all orders of this Court to avoid filing motions or other documents with the Court that are clearly improper. Plaintiff is again advised not to file discovery requests with the Court unless they are an exhibit to a properly filed motion to compel discovery from Defendant where the Defendant has failed to timely or fully respond to a discovery request.

IT IS, THEREFORE, ORDERED that Plaintiff's Motion for Documents [Doc. 17] is **DENIED** and Plaintiff's First Request for Interrogatories [Doc. 18] shall be **STRICKEN** from the record in this matter.

Signed: March 5, 2020
